About me

Full Stack Software Developer with a passion for solving real-world problems through technology.

Experience

- **Full Stack Developer | Acib - Funin**
  Feb. 2023 – Jun. 2024

  Engineered a robust administrative system leveraging modern web technologies. The frontend was built using React for a dynamic and responsive user interface, while the backend was constructed with Node.js and Express.js to ensure a scalable and maintainable server-side architecture. The system utilized MySQL for efficient relational database management, ensuring data integrity and accessibility.

Education

- **Bachelor's degree in information systems engineering (Ongoing)**

  National University of Costa Rica (UNA).

  Feb. 2020 – Nov. 2024 (expected).

- **Scrum Fundamentals Certified**

  Scrum Study
